ISIN code	GB00BQNKFJ23

C class shares are available for WTL investors paying trust fees directly to WTL.

WAY Global Balanced Portfolio

A unit trust managed by Brompton Asset Management

Fund manager's commentary

Global equities fell 1.89% in sterling on trade war fears. US stocks were even weaker, down 2.61% in sterling, led lower by technology stocks, down 4.67%. The WAY Global Balanced Portfolio's holding in the iShares S&P 500 Equal Weight exchange-traded fund (ETF) outperformed, however, falling only 1.97% because of its relatively-modest technology sector weighting. The Bank of England cut Bank Rate by a quarter percentage point to 4.5%. UK government bonds and global bonds rose 0.94% and 0.09% in sterling respectively. Within the portfolio, Jupiter Dynamic Bond gained 2.01% while the sterling-hedged holdings in Vanguard Global Aggregate Bond and Legal & General Global Inflation Linked Bond rose 1.42% and 1.31% respectively. UK stocks outperformed, up 1.43%, but smaller companies, with their greater domestic sensitivity, fell 4.14%. The iShares FTSE 100 ETF, which holds London's largest stocks, rose 1.98% but Artemis UK Special Situations, which holds small and medium-sized companies, underperformed, up only 0.05%. Stocks in Europe excluding the UK also outperformed, rising 2.37% in sterling as investors warmed to the European Central Bank's forecast of benign inflation. Lightman European, which takes a value approach, rose 1.83%. The Lightman holding was increased, which reduced the degree to which the portfolio was underweight in the region. Equities in emerging markets and Asia excluding Japan fell 0.82% and 0.28% respectively in sterling. Within the portfolio, Man Asia (ex Japan) Equity rose 4.48% but Stewart Investors Indian Subcontinent fell 12.70%. The WAY Global Balanced Portfolio fell 0.30% in February while the sector fell 0.26%.

BROMPTON

ASSET MANAGEMENT

Investment objective & policy

The objective of the Fund is to provide long-term capital growth.

The Fund will seek to achieve its objective from an actively managed and diversified portfolio of collective investment schemes (including investment trusts) with exposure to cash, fixed interest securities, equity and equity-linked investments selected from various markets worldwide encompassing a variety of economic sectors. The Fund will typically invest between 20% and 60% of its portfolio in schemes which invest in equity securities.

The use of derivatives is not permitted but borrowing of up to 10% of the Fund's net asset value will be permitted on a temporary basis. The Fund may invest in hedged share classes of underlying funds.

Although the Fund will normally remain fully invested, the property of the Fund may consist of up to 10% cash or near cash where this may be reasonably regarded as necessary in order to enable the pursuit of the Fund's objective, the settlement of redemptions of units and the efficient management of the Fund in accordance with its objectives or other purposes which may be reasonably regarded as ancillary to the objectives of the Fund.

The Fund's benchmark is IA Mixed Investment 20-60% Shares. This represents a comparator benchmark because the Fund's performance can be compared to funds which also sit within this industry sector.
