C class shares are available for WTL investors paying trust fees directly to WTL.	

WAY Global Balanced Portfolio

A unit trust managed by Brompton Asset Management

Fund manager's commentary

Global equity markets fell 6.25% in sterling as Donald Trump's tariff plans unsettled investors. European Union and UK exporters were threatened with 20% and 10% tariffs respectively while some developing countries were threatened with higher rates. US stocks underperformed, down 7.94% in sterling. The WAY Global Balanced Portfolio's iShares S&P 500 exchange-traded fund (ETF) holding fell 7.97%, dragged lower by the technology sector's 11.73% fall in sterling, but the iShares S&P 500 Equal Weight ETF fell only 5.79% thanks to its smaller technology sector weighting. Among the global equity holdings, Polar Capital Global Insurance and First Sentier Global Listed Infrastructure outperformed, up 0.32% and down just 0.71% respectively. UK equities outperformed, down 1.99%, as did equities in Europe excluding the UK, down 2.88% in sterling. Within the portfolio, Artemis UK Special Situations, down 3.65%, suffered from its bias towards smaller companies, which fell 3.72%. Equities in emerging markets and Asia excluding Japan were relatively resilient, down 1.79% and 2.39% respectively in sterling. Redwheel Next Generation Emerging Markets Equity fell just 0.33% but Man Asia (ex-Japan) equity fell 2.41%. Within the alternative allocation, Man UK Absolute Value rose 1.25% while the iShares Gold Producers ETF rose 12.26% amid increased demand for the safe-haven asset. Global bonds fell 1.85% in sterling as the dollar declined 2.45% against the pound. Within the portfolio, the sterling-hedged Fidelity Global Inflation-linked Bond holding gained 0.43% but Vanguard \$ Treasury Bond fell 2.23%. The WAY Global Balanced Portfolio fell 1.79% in March while the sector fell 1.92%.

BROMPTON

ASSET MANAGEMENT

Investment objective & policy

The objective of the Fund is to provide long-term capital growth.

The Fund will seek to achieve its objective from an actively managed and diversified portfolio of collective investment schemes (including investment trusts) with exposure to cash, fixed interest securities, equity and equity-linked investments selected from various markets worldwide encompassing a variety of economic sectors. The Fund will typically invest between 20% and 60% of its portfolio in schemes which invest in equity securities.

The use of derivatives is not permitted but borrowing of up to 10% of the Fund's net asset value will be permitted on a temporary basis. The Fund may invest in hedged share classes of underlying funds.

Although the Fund will normally remain fully invested, the property of the Fund may consist of up to 10% cash or near cash where this may be reasonably regarded as necessary in order to enable the pursuit of the Fund's objective, the settlement of redemptions of units and the efficient management of the Fund in accordance with its objectives or other purposes which may be reasonably regarded as ancillary to the objectives of the Fund.

The Fund's benchmark is IA Mixed Investment 20-60% Shares. This represents a comparator benchmark because the Fund's performance can be compared to funds which also sit within this industry sector.
