Investment objective & policy

The objective of the Fund is to provide maximum capital growth.

The Fund will seek to achieve its objective from an actively managed and diversified portfolio of collective investment schemes (including investment trusts) with exposure to underlying assets such as equities, bonds, money market instruments, property and commodities. The Investment Adviser will not be constrained by underlying asset type or geographical split of the Fund's portfolio. Although the Fund will normally remain fully invested, the property of the Fund may consist of up to 10% cash or near cash where this may be reasonably regarded as necessary in order to enable the pursuit of the Fund's objective, settlement of redemptions of units and the efficient management of the Fund in accordance with its objectives or other purposes which may be reasonably regarded as ancillary to the objectives of the Fund.

The Fund's benchmark is IA Flexible Investment. This represents a comparator benchmark because the Fund's performance can be compared to funds which also sit within this industry sector.
