Fund manager's commentary

Global stockmarkets recovered in November after October's dip, gaining 3.91% in sterling. US economic data continued to exceed expectations, leaving the dollar 2.16% higher against sterling. US equities rose 4.91% but Europe ex-UK equities did even better, rising 5.80% in sterling. The European Central Bank reiterated its determination that quantitative easing would be deployed if necessary. Better-than-expected economic survey data in Germany spurred German equities higher. All the WAY Global Red Active Portfolio's investments in Europe ex-UK equity funds rose, with Fidelity Germany, up 8.20%, doing best. Japanese equities rose 2.05% in sterling as investors reflected on October's announcement of more quantitative easing, leaving them unshaken by the news that third quarter output had fallen. The prime minister, Shinzō Abe, deferred the timing of his planned consumption tax increase and called a snap election in the hope of extending his time in office. The dollar-hedged GLG Japan fund was the portfolio's best performer, rising 9.06% in sterling. In the commodity markets, oil fell 16.04% in sterling as Saudi Arabia decided to maintain supply. Cheaper energy is a major potential stimulus but could prove disinflationary. UK gilts and sterling corporate bonds gained 3.08% and 2.26% respectively as the prospect of the first UK interest rate rise for many years receded. Gold rose 2.42% in sterling helped by India's announcement of an end to import restrictions, helping Blackrock Gold & General to recover 8.90% after October's fall. The WAY Global Red Active Portfolio gained 4.27%† in November while the sector gained 3.45%.

BROMPTON
ASSET MANAGEMENT

Investment objective & policy

The objective of the fund is to provide maximum capital growth from an actively-managed and diversified portfolio of collective investment schemes selected from markets worldwide. The assets of the fund will be managed in such a way that the units in the fund will be qualifying investments for Individual Savings Accounts. The use of derivatives is not permitted but borrowing will be permitted on a temporary basis under the terms of the regulations. Although the fund will normally remain fully invested, the property of the fund may consist of up to 10% cash or near cash where this may be reasonably regarded as necessary in order to enable the pursuit of the fund's objective, the redemption of units and the efficient management of the fund in accordance with its objectives or other purposes which may be reasonably regarded as ancillary to the objectives of the fund.
