Fund manager's commentary

Global bonds rose 4.83% in sterling while UK government bonds and sterling corporate bonds rose 2.87% and 0.63% respectively as US inflation and survey data weakened. Federal Reserve monetary policy remained "patient". The yen and dollar rose 6.10% and 3.43% respectively against sterling while gold rose 5.20% as investors sought safe-haven assets. Among the WAY Portfolio's bond investments, the iShares \$ Treasury Bond 7-10 Years exchange-traded fund and the dollar-hedged holdings in Vanguard Global Bond and Vanguard Global Short-Term Bond benefited from dollar strength, rising 6.54%, 4.80% and 4.02% respectively. Schroder Strategic Credit fell 0.91%, however, as a result of its bias towards shorter-duration corporate bonds. The portfolio benefited from yen strength, with the Goldman Sachs Yen Liquidity holding returning 6.08%. In addition, the unhedged holdings in Lindsell Train Japanese Equity and T Rowe Price Japanese Equity outperformed a weak Tokyo market, which fell 1.80% in sterling, rising 1.92% and 0.65% respectively. Within the alternative allocation, Trojan returned 0.94% but Henderson UK Absolute Return fell 0.97%. Blackrock European Absolute Alpha was added to the portfolio's alternative allocation. Trade disputes became more acrimonious. Global equities fell 2.62% in sterling but Lindsell Train Global Equity and Fundsmith Equity outperformed, rising 1.92% and 1.27% respectively. Equities in Asia excluding Japan and emerging markets underperformed, falling 5.37% and 4.04% respectively. Hermes Asia ex-Japan Equity and RWC Global Emerging Markets did worse, falling 6.61% and 5.95% respectively. The WAY MA Cautious Portfolio fell 0.76%† in May while the sector fell 0.98%.

Brompton Asset Management

Investment objective & policy

The objective of the Fund is to seek capital growth, achieved through investment in a portfolio of collective investment schemes, investment trusts, other transferable securities including listed securities, cash or near cash, deposits and money market instruments.

Subject to the requirements of the regulations, the portfolio will normally remain fully invested. There will, however, be no restrictions on the underlying content of the investments held, in terms of investment type, geographical or economic sector, other than those imposed by the regulations, meaning that the investment adviser has the absolute discretion to weight the portfolio towards any investment type or sector, including cash, at any time.

The Fund may also invest in unregulated collective investment schemes (where investment in such funds is consistent with the investment objective and policy of the Fund).

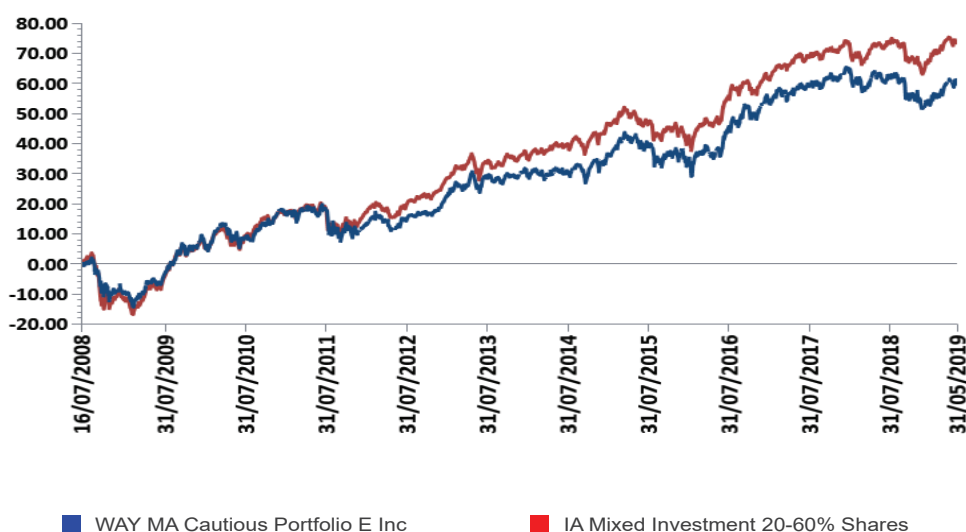

The portfolio will be actively managed. The use of derivatives and/or hedging transactions will be permitted in connection with the efficient portfolio management of the Fund. Borrowing will be permitted in accordance with the Regulations.
