WAY Global Blue Managed Portfolio

A unit trust managed by
Brompton Asset Management

Fund manager's commentary

Global bonds fell 3.74% in sterling as the pound strengthened 5.12% against the dollar. The impact of President Trump's fiscal stimulus on an already strong US economy may hasten the pace of future rate rises. UK bond yields rose and UK government bonds and corporate bonds fell 2.05% and 0.66% respectively. Three of the seven WAY Global Blue Managed Portfolio bond fund holdings, however, rose against the trend. Legg Mason Western Asset Macro Opportunities Bond did best, returning 0.36%. Global equity markets rose 0.51% in sterling, with equities in emerging markets and Asia Pacific excluding Japan outperforming, up 3.06% and 2.33% respectively in sterling. The portfolio had a high weighting in these markets but all holdings lagged. Goldman Sachs India Equity was the worst performer, down 3.94% as the rupee fell 4.54% against sterling. The stronger pound proved a headwind for UK equities, which lagged, falling 1.98%, with smaller stocks faring particularly badly, down 3.06%. The portfolio's UK equity fund holdings outperformed, however, with Schroder Recovery, which has a "value" approach to investing, doing best, up 1.21%. Value managers may continue to outperform as inflation and interest rates rise. Equities in Europe excluding the UK outperformed, rising 1.14% in sterling as the European Central Bank maintained its ultra-loose monetary policy although its president, Mario Draghi, highlighted the eurozone's improving economic prospects. Within the portfolio Threadneedle European Smaller Companies and Schroder European did best, returning 2.24% and 2.21% respectively. The WAY Global Blue Managed Portfolio gained 0.12%† in January while the sector fell 0.09%.

Investment objective & policy

The objective of the fund is to provide long-term capital growth through management of an internationally diversified portfolio of collective investment schemes. This will give exposure to cash, fixed interest securities, equity and equity-linked investments selected from various markets worldwide encompassing a variety of economic sectors. The assets of the fund will be managed in such a way that the units in the fund will be qualifying investments for Individual Savings Accounts. The use of derivatives is not permitted but borrowing will be permitted on a temporary basis under the terms of the regulations. Although the fund will normally remain fully invested, the property of the fund may consist of up to 10% cash or near cash where this may be reasonably regarded as necessary in order to enable the pursuit of the fund's objective, the redemption of units and the efficient management of the fund in accordance with its objectives or other purposes which may be reasonably regarded as ancillary to the objectives of the fund.
