### Fund manager's commentary

Trade tensions escalated as President Trump threatened to impose tariffs on more Chinese imports in addition to the \$50 billion already affected. China eased restrictions on bank lending to support activity as credit growth slowed. The renminbi fell 2.62% against sterling, awakening recollections of the "shock" devaluations of 2015 and 2016. Equities in Asia excluding Japan and emerging markets underperformed, falling 3.99% and 3.33% respectively in sterling against the 0.28% gain for global equities. Both the WAY Global Blue Managed Portfolio's emerging market holdings fell, with Goldman Sachs Emerging Markets Equity weakest, down 3.88%. RobecoSAM Smart Materials also fell 2.44% because many of its constituent companies supply the automotive industry, which may suffer from protectionism. US equities outperformed, rising 1.41%, but the portfolio's low US equity weighting and the 1.17% fall by the iShares S&P 500 Financials exchange-traded fund (ETF) hurt performance. US monetary policy tightened as the Federal Funds Target Rate rose by a quarter percentage point. UK government and corporate bonds fell 0.61% and 0.51% respectively although UK interest rates were held. Both of the portfolio's UK bond holdings outperformed, with M&G UK Inflation Linked Corporate Bond and Schroder Strategic Credit falling only 0.18% and 0.23% respectively. Three of the portfolio's five daily-traded, long/short equity funds posted gains. Man GLG European Mid-Cap Equity Alternative and Smith & Williamson Enterprise did best, rising 0.89% and 0.80% respectively, but Artemis US Absolute Return fell 0.82%. The WAY Global Blue Managed Portfolio fell 0.69%† in June while the sector fell 0.29%.

### Investment objective & policy

The objective of the fund is to provide long-term capital growth through management of an internationally diversified portfolio of collective investment schemes. This will give exposure to cash, fixed interest securities, equity and equity-linked investments selected from various markets worldwide encompassing a variety of economic sectors. The assets of the fund will be managed in such a way that the units in the fund will be qualifying investments for Individual Savings Accounts. The use of derivatives is not permitted but borrowing will be permitted on a temporary basis under the terms of the regulations. Although the fund will normally remain fully invested, the property of the fund may consist of up to 10% cash or near cash where this may be reasonably regarded as necessary in order to enable the pursuit of the fund's objective, the redemption of units and the efficient management of the fund in accordance with its objectives or other purposes which may be reasonably regarded as ancillary to the objectives of the fund.
