### Fund manager's commentary

Global equities fell 3.82% in sterling on fears of a trade war. President Trump proposed tariffs on steel, aluminium, industrial technology, transport and medical products. China retaliated, announcing tariffs on agricultural products and aircraft. The WAY Global Blue Managed Portfolio benefited from its relatively-low holdings in US equities, which underperformed, falling 4.27% in sterling. The iShares S&P 500 Financials Sector exchange-traded fund was, however, the portfolio's worst performer, falling 6.05%, while RobecoSAM Smart Materials, which has significant US holdings, fell 4.96%. Emerging market equities fell 3.58% in sterling and the portfolio's emerging markets holdings underperformed, with Goldman Sachs Emerging Markets Equity the worst, down 4.76%. UK equities were relatively resilient, however, falling 2.11%. Within the portfolio, Aberforth UK Small Companies outperformed, rising 0.42%, but Schroder Recovery fell 3.12%. Two of the portfolio's three holdings in daily-traded long/short equity funds, Man GLG UK Absolute Value and F&C Real Estate Equity Long Short, posted gains, rising 1.63% and 0.42% respectively, but Smith & Williamson Enterprise fell 0.60%. The dollar fell 1.78% against sterling and currency movements contributed to a 0.73% fall for global bonds. Four of the portfolio's five global bond fund investments posted gains, however, with the sterling-hedged Legal & General Global Inflation Linked Bond holding and Legg Mason Western Asset Macro Opportunities both returning 1%. UK government bonds and sterling corporate bonds rose 2.03% and 0.38% respectively but the portfolio's two UK bond funds fell. The WAY Global Blue Managed Portfolio fell 2.42%† in March while the sector fell 1.77%.

### Investment objective & policy

The objective of the fund is to provide long-term capital growth through management of an internationally diversified portfolio of collective investment schemes. This will give exposure to cash, fixed interest securities, equity and equity-linked investments selected from various markets worldwide encompassing a variety of economic sectors. The assets of the fund will be managed in such a way that the units in the fund will be qualifying investments for Individual Savings Accounts. The use of derivatives is not permitted but borrowing will be permitted on a temporary basis under the terms of the regulations. Although the fund will normally remain fully invested, the property of the fund may consist of up to 10% cash or near cash where this may be reasonably regarded as necessary in order to enable the pursuit of the fund's objective, the redemption of units and the efficient management of the fund in accordance with its objectives or other purposes which may be reasonably regarded as ancillary to the objectives of the fund.
