Fund manager's commentary

The Bank of England raised UK base rates for the first time since July 2007, taking them from the 0.25% low reached in the aftermath of the August 2016 Brexit referendum vote to 0.5%. UK government bonds, however, returned 0.28% after the Bank said further increases would be gradual and modest. Within the WAY Global Blue Managed Portfolio's sterling-hedged fixed income holdings, Legal & General Global Inflation Linked Bond returned 0.47% but Vanguard Global Short-Term Bond fell 0.13%. Sterling rose 1.94% against the dollar despite stalling Brexit talks, contributing to a 1.77% fall for UK equities. The portfolio's UK equity holdings reduced during November, principally through partial disposals of Fidelity Index UK and Aberforth UK Smaller Companies. All investments in UK equity funds fell, with Aberforth UK Small Companies doing worst, down 2.08%. Alternative investments offered some protection, however, with Man GLG UK Absolute Value gaining 0.56%. US equities outperformed, rising 1.11% in sterling while global equities rose 0.05%. The SPDR S&P US Financials exchange-traded fund (ETF) gained 1.48% as the likelihood of Donald Trump's tax cuts increased. The Japanese stockmarket gained 1.09% in sterling in the wake of October's election victory by Shinzō Abe, the prime minister. Lindsell Train Japanese Equity was the portfolio's best investment, rising 4.09%. Equities in Europe excluding the UK fell 1.62% as German coalition talks faltered although the euro rose 0.41% against sterling. Fidelity Germany outperformed, however, rising 0.77%. The WAY Global Blue Managed Portfolio fell 0.02%† in November while the sector fell 0.22%.

WAY Global Blue Managed Portfolio (continued)

A unit trust managed by
Brompton Asset Management

Investment objective & policy

The objective of the fund is to provide long-term capital growth through management of an internationally diversified portfolio of collective investment schemes. This will give exposure to cash, fixed interest securities, equity and equity-linked investments selected from various markets worldwide encompassing a variety of economic sectors. The assets of the fund will be managed in such a way that the units in the fund will be qualifying investments for Individual Savings Accounts. The use of derivatives is not permitted but borrowing will be permitted on a temporary basis under the terms of the regulations. Although the fund will normally remain fully invested, the property of the fund may consist of up to 10% cash or near cash where this may be reasonably regarded as necessary in order to enable the pursuit of the fund's objective, the redemption of units and the efficient management of the fund in accordance with its objectives or other purposes which may be reasonably regarded as ancillary to the objectives of the fund.
