WAY Global Red Active Portfolio

A unit trust managed by
Brompton Asset Management

Fund manager's commentary

Global equities fell 6.84% in sterling. US equities underperformed and Fidelity Index US was the WAY Global Red Active Fund's second worst performer, down 8.44%. Initial optimism about a resolution of the Sino-US trade war evaporated when talks proved inconclusive. The Federal Reserve, impervious to presidential criticism, responded to strong employment data, raising interest rates to 2.25-2.5%. Safe-haven assets were in demand. Gold and global bonds gained 4.91% and 2.21% respectively in sterling. In the currency markets, the dollar rose 0.18% against sterling while the stronger yen led to a 3.68% rise from the portfolio's Goldman Sachs Yen Liquid Reserves holding. Theresa May's deferral of a parliamentary vote on her Brexit deal contributed to gains for UK government and sterling corporate bonds of 2.38% and 1.11% respectively. M&G UK Inflation Linked Corporate Bond, however, fell 0.22% as short duration bonds underperformed. UK equities, down 3.61%, were relatively resilient, with sterling's weakness increasing UK companies' export competitiveness. UK smaller companies underperformed, however, with their 5.83% fall reflecting their reliance on the domestic economy, and Aberforth UK Small Companies did worse, down 6.92%. Equities in emerging markets and Asia excluding Japan were also relatively resilient, falling 2.42% and 2.48% respectively in sterling, but Hermes Asia ex-Japan Equity underperformed, down 2.92%. All the daily-traded long/short equity funds posted gains, with Man GLG UK Absolute Value and F&C Real Estate Equity Long/Short doing best, up 1.06% and 0.25% respectively. The WAY Global Red Active Fund fell 4.36%† in December while the sector fell 4.21%.

Investment objective & policy

The objective of the fund is to provide maximum capital growth from an actively-managed and diversified portfolio of collective investment schemes selected from markets worldwide. The assets of the fund will be managed in such a way that the units in the fund will be qualifying investments for Individual Savings Accounts. The use of derivatives is not permitted but borrowing will be permitted on a temporary basis under the terms of the regulations. Although the fund will normally remain fully invested, the property of the fund may consist of up to 10% cash or near cash where this may be reasonably regarded as necessary in order to enable the pursuit of the fund's objective, the redemption of units and the efficient management of the fund in accordance with its objectives or other purposes which may be reasonably regarded as ancillary to the objectives of the fund.
