Fund manager's commentary

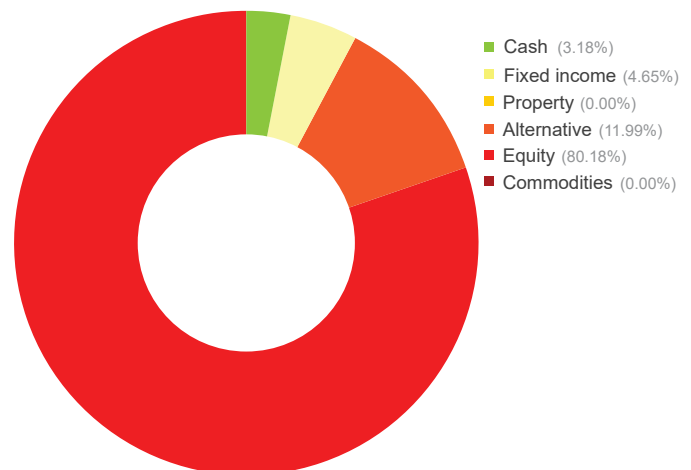

International trade tensions escalated as President Trump threatened to impose tariffs on more Chinese imports in addition to the \$50 billion already affected. China eased restrictions on bank lending to support activity as credit growth slowed. The renminbi fell 2.62% against sterling, awakening recollections of the "shock" devaluations of 2015 and 2016. Equities in Asia excluding Japan and emerging markets underperformed, falling 3.99% and 3.33% respectively in sterling against the 0.28% gain for global equity markets. All of the WAY Global Red Active Portfolio's holdings in these areas fell, with Hermes Asia ex Japan the portfolio's weakest performer, down 4.57%. Goldman Sachs Emerging Markets Equity also underperformed, falling 3.88%, but Schroder Small Cap Discovery, down only 1.14%, was relatively resilient. The portfolio's global equity holdings had a mixed month. RobecoSAM Smart Materials, with many constituent companies supplying the automotive industry, which may suffer from protectionism, fell 2.44% but Fundsmith Equity outperformed, rising 2.15%. US equities outperformed, rising 1.41% in sterling, but the portfolio's low US equity weighting and the 1.17% fall in the iShares S&P 500 Financials Sector exchange-traded fund (ETF) hurt performance. US monetary policy tightened as the Federal Funds Target Rate rose by a quarter percentage point. Three of the portfolio's five daily-traded, long/short equity funds posted gains. Man GLG European Mid-Cap Equity Alternative and Smith & Williamson Enterprise did best, rising 0.89% and 0.80% respectively, but Artemis US Absolute Return fell 0.82%. The WAY Global Red Active Portfolio fell 1.03%† in June while the sector fell 0.35%.

Investment objective & policy

The objective of the fund is to provide maximum capital growth from an actively-managed and diversified portfolio of collective investment schemes selected from markets worldwide. The assets of the fund will be managed in such a way that the units in the fund will be qualifying investments for Individual Savings Accounts. The use of derivatives is not permitted but borrowing will be permitted on a temporary basis under the terms of the regulations. Although the fund will normally remain fully invested, the property of the fund may consist of up to 10% cash or near cash where this may be reasonably regarded as necessary in order to enable the pursuit of the fund's objective, the redemption of units and the efficient management of the fund in accordance with its objectives or other purposes which may be reasonably regarded as ancillary to the objectives of the fund.
